

Article 47 : « The Top 20 European Manufacturers of Synthetic Bone Substitutes »

### The Top 20 European Manufacturers of Synthetic Bone Substitutes

**Description:** According to the European Commission (Fifth Framework Programme for Research), the world market for orthopaedic biomaterials is estimated at 8 billion Euros per year, with an annual growth rate of 7%. Europe has a strong orthopaedic biomaterials sector led by companies like Biomatlante, Graftys and Teknimed, the French market leader in the field of bone substitutes and surgical cements.

This report profiles the Top 20 European manufacturers of synthetic bone substitutes. These companies have the experience, know-how and resources to develop and produce a complete range of synthetic bone substitutes from solids (granules, sticks, cylinders, custom-made shapes) to injectable, moldable, macroporous cement, composite material and collagen products and sell them across the globe. They are located right across Europe from the United Kingdom and France to Germany and Switzerland.

Profile information for each company in "The Top 20 European Manufacturers Of Synthetic Bone Substitutes" typically includes:

- Company Contact Information - Address, Telephone and Fax Numbers, Email and Website Address
- Key Company Decision Makers - From CEO and Main Board, to Key Senior Managers
- Specialised fields such as Company Description, Ownership, Products, Year Established, Number of Employees, Turnover and Foreign Trade.

Report Target Market:

1) Biomaterials Companies

Usage: competitive/financial analysis and strategic partner/alliance identification.

2) Suppliers

This report is perfect for suppliers of e.g. cleanroom equipment and supplies who wish to identify top potential customers.

3) Distributors

The Top 20 European Manufacturers Of Synthetic Bone Substitutes is ideal for distributors of orthopaedic products to identify the leading manufacturers with the best products.

Research Facts is a world leader in healthcare and life sciences publishing. It was established in Dublin, Ireland in 2004. Its partners have over forty years combined experience in the business information industry. Research Facts' customers include most of the world's major diagnostics, pharmaceutical, biotechnology and medical device companies e.g. Medtronic, Siemens Medical, Philips Healthcare, Boehringer Ingelheim, Thermo Fisher Scientific, Ipsen, GE Healthcare, Teva, Smith & Nephew, Biomet, DePuy etc.. Research Facts has customers right across the globe e.g. Australia, Belgium, Brazil, Canada, Cyprus, Denmark, France, Germany, Finland, Hungary, Israel, Italy, Japan, Korea, Luxembourg, Mauritius, Netherlands, Pakistan, Russia, Saudi Arabia, South Africa, Spain, Sweden, Switzerland, United Kingdom, United States and Yugoslavia.

Research Facts' reports help you make informed decisions about the markets and organisations that affect your business.

- Learn more about your target markets and target companies
- Top level research on all the major players in a market
- See which organisations dominate your major markets
- Get detailed information on particular organisations

Keywords: Biomaterials, Orthobiologics, Synthetic, Bone Filler, Bone Graft, Bone Regeneration, Bone Repair, Bone Replacement, Bone Substitute, Europe.
